To,  
Co-ordinator,  
RUSA, SPD Maharashtra,  
Mumbai

Subject: Submission of Institutional Developmental Plan of Government Science College Gadchiroli

Respected Sir/Madam,

We appreciate your support for funding the Government Science College, Gadchiroli through RUSA grant. We are submitting the Institutional Developmental Plan.

Please find the information and datasheet for Component 3 and 7 (Rs. 8 crore), component 8 (Rs. 1 crore) and Component 9 (Rs. 1 crore).

Thank you for your kind consideration and constant support. Thanking you.

Your Sincerely,

Dr. Mandar Paingankar,  
RUSA Co-ordinator

Dr. G. L. Waghmare,  
**Principal** Principal,  
Government Science College,  
Gadchiroli, Maharashtra.

Facility Type	Infrastructure facilities	NAAC Theme: Curricular Aspects		Funds sought from RUSA	Funds from other sources	Private funding if any planned	Remark
		Physical value (area in Sq. Mt)	Financial value (Rs. in lakh)				
	New Study Centres (Language Laboratory)	100	25	25			Language laboratory will aid the modern language teaching of students of tribal areas such as Gadchiroli.
	Auditorium						
	Administrative Buildings						
	Laboratory						
	Computer Centre (Computational Software Laboratory)	100	30	30			Now a days research in any subject requires the support of computational analysis. For chemistry, Physics and Biology few softwares such as Sigma Plot, Matlab, Schrodinger is essential to carry out the computation work. Computer work station with softwares are essential for computational analysis.
	Classrooms (including technologically enabled classrooms)						
	Common rooms for students						

Creation of new facilities

Sports facilities	2000	200	200			Sports facilities are essential to encourage the participation of students in various sports events. The construction of kho-kho, kabbadi, badminton court, basket ball court facilities are will enhance the participation of students in sports event.
Others (Botanical Garden)	200	25	25			1. Botanical garden [25 lakhs] The tribal knowledge of medicine is very effective against the various diseases. Medicinal plants from various parts of Gadchiroli will be collected and reared in botanical garden. It will help in conserving the tribal medicinal knowledge.
Hostels (Separate for boys and girls)						
Toilets (Separate for boys and girls)						
New Study Centres						
Auditorium						
Administrative Buildings						

Renovation/Upgradation of existing facilities	Laboratory (Modular Furniture)	1000	25	25			The Zoology, Chemistry, Physics laboratories will get the extra space after completion of construction work of first floor. Therefore there is urgent need of modular furniture in these departments. The modular furniture and Civil work will be carried out in these laboratories.
	Computer Centre						
	Classrooms (including technologically enabled classrooms)	6 smart classrooms	30	30			Smart classrooms foster the opportunities for teaching and learning and helps in teaching the concepts very effectively. Internet connection and smart classroom is essential to teach these new advanced courses effectively. Therefore smart classroom along with internet connection is essential.
	Library						
	Common rooms for students						
	Canteen/Cafeteria						
	Others (please specify)						
	Hostels (Separate for boys and girls)						
Toilets (Separate for boys and girls)							

New equipment/facilities	Lab equipment		55	55			As per revised syllabus Chemistry, Physics, Botany and Zoology departments required new equipments to conduct the practical courses. Procurement of equipments will helps these departments to conduct the advanced practicals.
	Computers						
	Books/Journals		55	55			1. New books and Journals are essential for post graduate and under graduate courses for teaching and learning advanced courses. 2. Subscription of journals [25 lakhs] subscription of hard copy and online journals is essential
	E-resources		10	10			E resources will enhance the subject knowledge of post graduate and under graduate students.
	Sports Facility						
Others							
<b>Total in Rs. In lakhs</b>			455	455			

Facility Type	Infrastructure facilities	NAAC Theme: Teaching Learning & Evaluation		Funds sought from RUSA	Funds from other sources	Private funding if any planned	Remark
		Physical value (area in Sq. Mt)	Financial value (Rs. in lakh)				
Creation of new facilities	New Study Centres						
	Auditorium						
	Administrative Buildings						
	Laboratory						
	Computer Centre						
	Classrooms (including technologically enabled classrooms)						
	Common rooms for students						
	Canteen/Cafeteria						
	Others (Polyhouse)	600	15		15		Few plants requires the special conditions for rearing. Rearing of rare plants like orchids requires the special conditions. Green/poly house facility will help in conserving the rare plant species of plants such as orchids.
	Hostels (Separate for boys and girls)						
Toilets (Separate for boys and girls)							
	New Study Centres						
	Auditorium						
	Administrative Buildings						
	Laboratory						

Renovation/Upgradation of existing facilities

Computers						
Computer Centre						
Classrooms (including technologically enabled classrooms)						
Library	200	15	15			1. Modular furniture and structural modification [ 15 lakhs] is required for arrange subjectwise books, periodicals and magazines. Similarly for keeping the reading hall oprn for 24 hours some modifications in reading hall is essential. Partitions and other structural changes are need to be done. Gadchiroli temperature goes to 45 C in summer. Air coolers are essential to maintain the pleasant temperature in reading room.
Common rooms for students						
Canteen/Cafeteria						
Others (Herbarium Collection and digitalization of herbarium collection)	100	10	10			Botany department have decided to prepare the plant herbarium repository of Gadchiroli district. After creation of herbarium repository digital herbarium repository will be created. This will help in future floral studies of Gadchiroli district.
Hostels (Separate for boys and girls)						

	Toilets (Separate for boys and girls)						
New equipment/facilities	Lab equipment/ICT for biology practicals		10	10			Dissections and few other practicals are now banned and use of ICT tools are suggested by UGC. Now a days various ICT tools are available which demonstrates the dissections and other Biology practicals.
	Computers		20	20			<b>1. Computer hub for students [10 lakhs]</b> Computer hub with e resources will be created for benefit of students which will be remain opened for 24 hours for students. <b>2. Computers, printers and scanners in students section [10 lakhs]</b> Computers are required in students section to fill up the online forms of admission, examination, scholarships etc. Similarly all administrative work such as GEM, Sevarth etc are now online. Therefore office requires the computers with scanner, printers to carry out the various administrative work.
	Books/Journals		10	10			Competative examination section will be created for students.

	E-resources/software		10	10			E resources for education and self development [10 Lakhs] E resouces for Education and self development are essential.
	Sports Facility		20	20			To enhance the sports culture sports equipments are essential.
	Others (Please specify)						
<b>Total in Rs. In lakhs</b>			110	110			

Facility Type	Infrastructure facilities	NAAC Theme: Infrastructure & Learning Resources		Funds sought from RUSA	Funds from other sources	Private funding if any planned	Remark
		Physical value (area in Sq. Mt)	Financial value (Rs. in lakh)				
Creation of new facilities	New Study Centres						
	Auditorium						
	Administrative Buildings						
	Laboratory						
	Computer Centre						
	Classrooms (including technologically enabled classrooms)						
	Common rooms for students						
	Canteen/Cafeteria						
	Others (please specify)						
	Hostels (Separate for boys and girls)						
	Toilets (Separate for boys and girls)						
	New Study Centres						

Renovation/Upgradation of existing facilities	Auditorium		10	10		Audio Visual system in Auditorium [10 lakhs] Audio Visual system in auditorium are essential to conduct various cultural programs, symposium, seminars and workshops in auditorium. The audio-visual and interactive tools helps in conveying the message very effectively.
	Administrative Buildings		10	10		Furniture in administrative block [10 lakhs] Office furniture is required to maintain the various records and files of students, teaching and non teaching staff.
	Laboratory					
	Computer Centre					
	Classrooms (including technologically enabled classrooms)					
	Library					
	Common rooms for students					
	Canteen/Cafeteria					
	Others (CCTV camera for Girls and Boys hostel)		25	25		CCTV camera is essential for newly built Boys and Girls hostel. It will enhance the security as well as vigilance in hostels.
	Hostels (Separate for boys and girls)					
	Toilets (Separate for boys and girls)					
	Lab equipment					
Computers						

	Books/Journals					
	E-resources					
	Physical Education Facility		20	20		Equipments and instruments are essential for enhancing the physical education facilities.
New equipment/facilities	Others (Air conditioners for research laboratories, Library Digitalization, Campus, upgradation and beautification )		95	95		1. Examination section computerization [20 lakhs] Gondwana university conducts the examination using the Online question paper delivery system. The examination section required the laser printer, photocopy machines and other computer accessories for conducting the examination. 2. Air conditioners for research laboratories [15 Lakhs] Air conditioners are essential for research Laboratories as various instruments works better at 25C. 3. Library digitalization [25 lakhs] Digitalization of library (bar code mapping and entries in SOUL software) will improve process of issueing the books to students 4. Campus, upgradation and beautification [35 lakhs] Campus beautification and green campus is essential.
	<b>Total in Rs. In lakhs</b>		160	160
