Action taken report based on the recommendations for Quality enhancement of the
institute NAAC 2014

Sr. No.	Recommendations	Action taken
1	Introduce more UG and PG programmes with separate PG block	<p>Government Science college Gadchiroli is government college, therefore college has to take permission from Maharashtra Government for starting new courses.</p> <ul style="list-style-type: none">• College submitted proposal to Maharashtra Government to convert the college in to Institute where five new post graduate courses were proposed.• College sent proposal to RUSA for conversion of existing college to Model degree college. <p>Proposals are available on college website in IAQC initiatives menu.</p> <p>DPC Gadchiroli provided the funds for infrastructure development of college. Using these funds, college constructed new floor in existing college building. In new construction, eight classrooms, one reading room, one language laboratory, competitive examination section, physics laboratory and botany laboratory were established. As Physics and Botany departments shifted on first floor, additional space was allotted to Zoology and Chemistry department.</p> <p>In last five years, more than 10000 sq feet area is added to existing building. Similarly one boys and two girls hostels and auditorium was established in college campus in last five years.</p>
2	Obtain UGC recognition and introduce choice based credit system	<p>College has 2f status. As Gondwana University don't have 12B status, therefore getting 12b status to college is not possible. We will apply for 12b status as Gondwana</p>

		University gets the 12b status. The choice based credit system has been implemented in college from 2017-2018 for UG and 2016-2017 for post graduate courses.
3	Upgrade practical and research laboratories with instrumentation facilities.	<ul style="list-style-type: none"> • In last five years more than 3 crore rupees has been invested in purchase of instruments and infrastructure development of college. • Funds received from Maharashtra Government, RUSA and DPC Gadchiroli were utilized to purchase the instruments of Rs. 2.64 crores and instruments are installed in Botany, chemistry, physics and Zoology department. • In each department separate instrumentation facility and research laboratories are developed. • Instruments such as Scanning electron microscope, 2D IEF gel electrophoresis system, Impedance analyzer, PE hysteresis loop tracer, fluorescence microscope etc installed in research laboratories of each department.
4	Upgrade Library with full automation and additional reference books journal, E-resources, computers with internet facility and wifi connectivity	<ul style="list-style-type: none"> • Library is upgraded by purchasing books of more than 22 lakhs which include reference books, monographs, journals, special reports. • Subscription of journal and online resources (DELNET, INFLIBNET) was purchased and made available to students and teachers. • SOUL 2.0 software along with server and bar code reader was purchased and data entry work is going on. • Three new computer laboratories were established (Computer laboratory with 22 computers, e resource centre with 10 computers and language laboratory with 21 computers). • Wifi network was established in college campus which included Wireless controller (can handle 50 access point at a time with more that thousand users at a time), 22 wireless access points, LAN network, PoE switches, firewall, etc.

		<ul style="list-style-type: none"> • More than 150 LAN points are available in the college.
5	Enhance quality of research, publication and strengthen college industry interaction	<ul style="list-style-type: none"> • Quality of research has been significantly improved. Faculty members published more than 25 publications in good impact factor journals. • Faculty members are working as reviewer for several international journals (Journal of Alloys and compounds (Elsevier), Solid State Sciences (Elsevier), Nanoscale advances, Nature Scientific reports, Aquaculture Journal (Elsevier), African Journal of Microbiology, Journal of Threatened Taxa, Journal Medical and Veterinary Microbiology). • Faculty member Dr. Mandar Paingankar is associate editor of Journal of Threatened Taxa. • Gadchiroli is remote and tribal area therefore there is very less scope to strengthen college industry interaction.
6	Employment of more qualified faculty on permanent basis and reduce dependence on contractual teachers	Government Science college Gadchiroli is government college, therefore recruitment of teachers has been carried out by Higher and Technical education department of Maharashtra Government. The requirement of teaching and non-teaching staff has been conveyed to Higher education department of Government of Maharashtra. The ministry will take necessary action soon.
7	Strengthen the alumni association and parent teacher meeting	Alumni and parent interactions are improved. Several alumni and parent teacher meetings are conducted in last five years.
8	Establish placement cell and strengthen its activities	Placement cell has been established.
9	Generate funds for research and infrastructure from National funding agencies like DST, DBT, CSIR etc.	As college don't have 12b status, therefore it is difficult to get research grants from funding agencies. Dr. Mandar Paingankar, Zoology Department, received the research grant from SERB-YS DST Government of India.
